No. 0624/[illegible]-04 (Quintuplicate)

Ens. 23

Sir,

Introductory.

I have the honor to submit the following report on the administration of Jails and Lock-ups in the State during the calendar year 1917 together with the prescribed statistical returns.

Divisions.

2. This report is, as usual, divided into three parts, ie, Part I - Judicial - dealing with statements Nos. 1 to 8, 18, C, D and General Summary; Part II - Financial - dealing with statements Nos. 9, 10, 11, 12 and 13; and Part III - Vital - - dealing with statements Nos. 14 to 17, A and B.

Inspector-General of Prisons.

3. I was in charge of the Department throughout the year.

Classes of Jails:-

4. The number of Jails and Lock-ups remained the same as in previous years and they are as given hereunder:-

1. Central Jail at Bangalore.

1. District Jail at Mysore.

6. District Lock-ups at the Head Quarter towns of Districts except at Bangalor and Mysore.

1. Special Lock-up at the Kolar Gold Fields

71. Taluk Lock-ups at the Head Quarter towns of Taluks and sub Taluks.

Buildings and accommodation.

5. Bangalore Central Jail.

The buildings of this Jail are in a very dilapidated condition. Plans and estimates for the construction of a new Central Jail, which had been prepared in the year 1906 have been sent to the Chief Engineer of Mysore for revision and return. Definite proposals in the matter will be submitted to Government soon after the receipt in my office of the said plans and estimates from that officer.

The District Jail at Mysore.

The buildings of this Jail are also ver old. Sanction was accorded by Government for various improvements and repairs to be effected to these buildings at an estimate cost of Rs 20,890/- in June 1916. The Chie Engineer, who was addressed in the matter, states that the improvements sanctioned will be completed by the end of September 1919.

Lock-ups.

The new Lock-ups buildings at Chickballapur and Tiptur which were completed -

during the year were handed over to the D
partment. The construction of a new Lock-
at Maddagiri was sanctioned, but the actu
commencement of the work has been deferre
till funds become available. The Lock-up
at Sira is not complete, while that at Ko
tagere is not taken up as yet. Plans and
timates for constructing an additional Lo
up for Europeans and East-Indians at Kola
Gold-Fields and a new Lock-up at Malur we
countersigned and forwarded to the Execut
Engineer Kolar Division during the year 1
but the works have not been taken on hand
An estimate amounting to Rs 10,235/- was re-
cently sanctioned by Government for the c
struction of a compound wall around the
Lock-up at Kolar-Gold-Fields. The readju
ment of the old Jail buildings to suit the
requirements of the District Lock-up at
Tumkur and some other offices was not take
up during the calendar year under report.
But the work has been sanctioned by the Pu
lic Work Department and is expected to be
taken on hand during this working season.
The question of improvement and repairs to
the District Lock-up at Shimoga was long
under correspondence and it has now been
finally settled by Government in their ord
No. J.1891-4/Pris 61-15-6 dated 1st Decemb
1917. It has been decided that unrepairabl
portions be dismantled. The estimate for
repairing the other portions which has bee

called

called for is yet due from the Chief Engineer.

## Part I. Judicial

General Summary.

6. At the commencement of the year under report, there remained in the Jails and Lock-ups, a total population of 1,263 prisoners of all classes, 9429 prisoners were admitted, 9653 were discharged from all causes and 1039 remained in confinement at the close of the year. The daily average number of prisoners decreased from 1260.20 in 1916 to 1164.01. This decrease in the daily average may be attributed to 148 convicts having been sent to Mesopotamia.

Civil prisoners:- The number of civil prisoners at the beginning of the year was 10; 137 were admitted and 138 discharged leaving a balance of 9 prisoners at the end of the year. The daily average number of this class of prisoners during the year under report was 6.50 against 9.19 in the previous year.

7. Statement No.I.

Convict population :-

On 1st January 1917, the convict population was 1014, of whom 1007 had been direct committals and the remaining 7 in transit. New admissions of the former class numbered 198 and the admission by transfer 133 making a total of 3122. Of these, 16 were transferred to the Vellore Central Jail, 119 were transferred from one Jail to another within the State, 180 were released on appeal, 1581 on expiry of sentence, 283 under remission rul

148 on other grounds (granted conditional release as they were enlisted for service in Mesopotamia) one was transferred to th Lunatic Asylum, 5 were executed and 16 - died leaving a balance of 773 at the clos of the year. Among the latter class of co victs, ie, convicts in transit whose number was 7 at the commencement of the year fresh admissions numbered 723, making a - total of 730. Of these, 714 were transferred, 5 released on appeal 2 on expiry of sentence and 2 escaped, leaving a bala ce of 7 at the end of the year. The daily average number of convicts was 905.89 aga inst 985.61 in the year previous or a decrease of 79.72.

Sexes of convicts:-

8. Out of 1982 direct admissions, - 1841 or 92.89 per cent were males and 141 or 7.11 per cent were females. Their per centages were 93.82 and 6.18 respectively in the year previous.

Statement No. II.
Religion, Age, Education and occupation of convicts

9. Classified according to religion, 128 or 6.46 per cent of total admissions were Christians, 301 or 15.19 per cent - were Mahomedans, 1552 or 78.30 per cent - were Hindus and 1 or .05 per cent -- Budhists against 5.69 per cent of Christians, 16.61 per cent of Mahomedans, 77.5 per cent of Hindus and .13 per cent of Budhists and Jains among those admitted in the previous year. The ratios of Christia and Hindus have increased by .77 and .73, respectively, while those of Mahomedans and Budhists or Jains decreased by 1.42 & .08 respectively, as compared with the - figures

figures of the year previous.

Age periods:-

10. The number of convicts under 15 years of age admitted during the year was 46 or 2.32 per cent, between 16 and 40 - years 1609 or 81.18 per cent, between 40 and 60years 283 or 14.28 per cent and abov 60 years 44 or 2.22 per cent.

Education:-

11. Classified according to educatior 360 or 18.17 per cent were able to read & write, 7 or .35 per cent were able to read only and the remaining 1615 or 81.48 per cent were illiterate. Similar percentages of those admitted in the year 1916 were - 10.25,4.48 and 85.27 respectively.

Previous occupation:-

12. Out of the total number of convicts admitted during the year, 1841 were males among whom:-

85 or 4.62 per cent were Govt or Municipal servants;

122 or 6.63 ..... were professional persons;

38 or 2.06 ... were persons in personal service;

857 or 46.55 ... were agriculturists;

113 or 6.14 ... were persons engaged in commerce and trade;

89 or 4.83 ... were persons employed in mechanical arts &c; and

537 or 29.17 per cent were miscellaneous persons not classed otherwise.

As usual, agriculturists form the bulk of the admissions, their percentage in - the year previous being 45.75 of the total number of males admitted.

13.

Civil condition of females:-

13. Among 141 females, the married - women numbered 55 or 39.01 per cent, unmarried 22 or 15.60 per cent, widows 57 or 40.42 per cent and prostitutes 7 or 4.97 per cent.

Statement No. III. Length and nature of sentences:-

14. Of 1982 convicts that were admitte direct into Jails and Lock-ups, 954 had n more than one month's imprisonment to undergo. As in previous years, the proporti of short periods of imprisonments is excessive. Eleven prisoners sentenced to - transportation for life and 17 prisoners sentenced to death were admitted into Jai during the year against 16 and 7 respectively, in the previous year.

Classified according to the nature of sentence:-

277 or 13.98 per cent had been sentenced to simple imprisonme

1694 or 85.47 per cent had been sentenced to rigorous imprisonme

9 or .45 per cent had been sentenced to rigorous imprisonment with solitary confinemen and

2 or .10 per cent had been sentenced to rigorous imprisonment with whipping.

Statement No. D. Nature of offences:-

15. As in previous years, theft inclu ing theft in a building and by servants c number all other causes of imprisonment, - the convicts thereunder being 1039 or 46.5 per cent of the total admissions. Convictions under Special, Local and Municipal Laws have increased, being 219 or 9.80 per cent against 154 or 6.89 per cent of the - total admissions in the year previous.

Statement No. IV.
Recommittals, Habituals and Juvenile offenders:-

16. Out of the total number of convicts admitted into Jails and Lock-ups during the year, 268 convicts had been previously convicted. This number includes 1 female convicts. The number of recommitta among Juveniles was less than that in the preceding year, being 1 against 4.

Statement No. V.
Escapes and recaptures:-

17. Of those that had escaped during the previous 10 years, 1 convict was recaptured and this was convict Vellai of the Central Jail, Bangalore, who was punished suitably for the offence of escape from lawful custody. During the year under report, 2 convicts escaped, one from the Special Lock-up at Kolar-Gold-Fields and the other from the District Lock-up at Hassan. The latter convict had been sentenced to suffer death. Both the convicts were recaptured, the convict who belonged to the K.G.F. Lock-up being sentenced to suffer 3 months' rigorous imprisonment by the Munsiff and 2nd Class Magistrate K.G.F under Section 224 I.P.C.

Statement No. VI.
Offences and punishments.

18. The number of offences recorded was 294 against 246 in 1916. All the offences were dealt with by the Superintendents themselves under the authority vested in them by the Prisons Act of 1870. Of the offences tried by them 40 or 13.60 per cent were met with corporal punishment against 51 or 20 per cent in the year previous.

Statement No. VII.
Convict Officers.

19. Among the daily average number of 905.89 convicts, 137 or 15.12 per cent were employed as Prison Officers against 129 or 13.08 per cent of the daily average num

number of convicts employed in 1916. It is satisfactory to note that the number of recorded offences fell from 54 in the year previous to 21 in the year under report.

Statement No. VIII. Diet:-

20. The scales of dietary prescribed in the new Jail Manual were in force in the two Jails during the year under report. The scale of dietary that was in force in the case of hard labour Indian convicts in accordance with G.O. No. J.2598/Pris. 45-10-5 dated 13 th March 1911 was extended to the similar class of convicts confined in the Lock-ups, during the latter part of the year. Vide page 24 of the revised Lock-up Manual.

Statement No. XVIII. Undertrial Prisoners.

21. There remained 239 prisoners of this class at the commencement of the year. Fresh admissions numbered 6454 making a total 6693. Of these:-

766 were released on bail,

1978 were discharged and acquitted by Magistrates,

1307 were released by the Police,

1735 were convicted and sentenced,

647 were transferred,

4 escaped; and

6 died, leaving a balance of 250 prisoners at the close of the year. The number of admissions decreased from that of the year previous, while the number of acquittals increased. The average period of detention remained the same as in the year previous, but the daily average has decreased from 265.40 in 1916 to 251.62, consequent on the reduction in the number of admissions.

22.

Statement No. 6.
The remission system.

22. Till the end of June 1917 remissions of sentences were being regulated by two sets of rules that were in force, ie the Ticket- of- Leave Rules of 1892 and the Mark Rules of 1899. The former relate only to life-term prisoners, while the latter applied to all convicts including lifers. The grant of marks under the Mark system involved not only considerable labour but also much scriptory work. This is avoided with the advent of the New Remission Rules embodied in the New Jail Manual which are largely based on the Rules issued by the Government of ~~Madras~~ India and which supersede the Ticket-of-Leave Rules and the Mark Rules. The main advantages of the new Rules are (1) that the remission is calculated for lifers as well as termers by the same set of rules, (2) that the scale of remission is more liberal than the one that was in force and (3) that the use of marks is dispensed with ~~with~~ in reducing the period of remission earned. The number of convicts released under the operation of these rules was 283 against 256 in the year before. The maximum remission gained was 1628 days by a life convict of the Bangalore Central Jail. The maximum gratuity earned by another life convict of the same Jail was Rs 57-1-9. The average gratuity earned by ~~the~~ convicts released was 1-13-5 during the year under report against Rs 0-14-0 in in the year 1916.

Part II Financial.

Statement No. IX.
Gross expenditure.

23. Excluding the outlay on account of

of buildings, the gross expenditure durir the year was Rs 104264-3-7 against 110178 5-11 in 1916. There was a decrease of expenditure under almost all the heads. The decrease under the heads "Dietary charges and "Clothing and bedding of prisoners" - may be attributed partly to the number of admissions to Jails and Lock-ups having - been less than that of the year previous and partly to the release of 148 convicts (on certain conditions) who were enlisted by the Military authorities for service i Mesopotamia, although the gross expenditu during the year under report was less tha that in the year before, the cost per hea has slightly increased, from Rs 87-6-10 i 1916 to Rs 89-9-2, owing to the reduction in the daily average number of prisoners.

Statement No. XI.
Employment of convicts.

24. Among the daily average number of 905.89 convicts, 822.85 or 90.83 per cent were available for work, the rest being - either prisoners undergoing simple imprisc ment, sick and convalascent or infirm or - those that could not be employed for other reasons. Of the convicts available for wor 137 or 16.64 per cent were employed as Pri son Officers, 71 or 8.62 per cent as Prisc servants and 301 or 36.58 per cent on Manu- factures, against 129 or 14.32 per cent, 5( or 5.55 per cent and 303 or 33.64 per cent of the daily average number of convicts whc were available for employment in the year 1916.

25.

Statement No. XII.
Cash earnings.

25. The result of employment of convic was that a sum of Rs 16807-12-10 was realized as revenue against Rs 15092-8-2 realized in 1916. This amount includes Rs 22 10-0 received in the shape of court fee - stamps for testing weights and measures - presented by the public in the Central Ja at Bangalore and also Rs 2832-8-0, the value of convict labour employed in the -- Palace Institutions and at the Dewan's quarters in Mysore and Bangalore, calculated at the rate of two annas per head per die and taken into account only in administrative accounts of the department. The average @@ cash earnings per head of working convicts rose from Rs 16-12-1 in 1916 to Rs 20-6--10 in the year under report.

Statement No. XIII.
Net cost of prisoners.

26. The gross cost of maintenance as mentioned in para 23 above was Rs 104264-3-deducting from this, the total cash earni of prisoners, ie, Rs 16807-12-10 the net cost of maintenance of prisoners in Jails and Lock-ups was Rs 87456-6-9 or Rs 75-3-2 per head against a net cost of Rs 95085-13 9 or Rs 75-7-3 per head in the year previous.

Industries in Jails.

The total outlay on Jail industries was Rs 17563-14-8 & income Rs 22424-2-6

Bangalore Central Jail.

27. The outlay on various industries carried on in this Jail was Rs 15794-13-11 and the amount realized and credited to - Treasury was Rs 20096-10-5 or an excess of Rs 4301-12-6 against Rs 18734-14-0 and Rs 22326-13-10 respectively, in the year 1916

The

The work of testing @@ measures and sel weights and measures carried on in the was transferred to the @@ City Municipa ty, Bangalore, in accordance with Govt Order No. 5082-131/A & I 215-14 dated 5 January 1917. Till the end of February 3530 measures presented by private pers were tested and stamped and a sum of Rs 220-10-0 was realized in the shape of court fee stamps.

The Central Jail Garden.

28. The Jail garden has supplied the requirements of the Jail without interr tion. The expenditure on account of see and implements purchased during the yea was Rs 273-4-7 against Rs 267-12-5 in 1 and the amount realized by the sale of vegetables to the public was Rs 462-8-3 against Rs 639-11-5 in the year previou The cost of vegetables supplied for the use of prisoners amounted to Rs 942-0-1 against Rs 1207-4-2 in 1916. The realiz tion on account of vegetables issued to prison was less owing to the average strength the prison population being low and the lower rate for vegetables tendered by t contractor during the year under report ie, 100 lbs per rupee against 90 lbs in the year preceding.

Mysore Jail.

29. The provision for the purchase c raw materials was Rs 1500/- in the curre year's allotment as against Rs 1200/- in th previous year and this increase is repo

The work of testing measures and selli weights and measures carried on in the Ja was transferred to the City Municipali- ty, Bangalore, in accordance with Govt - Order No. 5082-131/A & I 215-14 dated 5th January 1917. Till the end of February 17 3530 measures presented by private person were tested and stamped and a sum of Rs - 220-10-0 was realized in the shape of - court fee stamps.

The Central Jail Garden.

28. The Jail garden has supplied the - requirements of the Jail without interrup tion. The expenditure on account of seeds and implements purchased during the year was Rs 273-4-7 against Rs 267-12-5 in 191 and the amount realized by the sale of - vegetables to the public was Rs 462-8-3 against Rs 639-11-5 in the year previous. The cost of vegetables supplied for the - use of prisoners amounted to Rs 942-0-1 against Rs 1207-4-2 in 1916. The realiza- tion on account of vegetables issued to prisoners was less owing to the average strength of the prison population being low and the - lower rate for vegetables tendered by the contractor during the year under report, ie, 100 lbs per rupee against 90 lbs in the year preceding.

Mysore Jail.

29. The provision for the purchase of raw materials was Rs 1500/- in the current year's allotment as against Rs 1200/- in the previous year and this increase is report-

ed

reported to have facilitated the purchas of a greater quantity of raw materials f Jail manufactures with the result that t net profit to Government from this conce reached the creditable figure of Rs 1041 2-9 against only a little more than half much as in the year previous. The incre in the daily average strength was taken vantage of by detailing more men to work at the Jail industries and increasing the ou put of the Jail. Further, the looms in t weaving branch are reported to be very p mitive and antiquated; and the Industry is capable of being improved by getting to date fly shuttle looms and thereby in creasing the output of cloth manufacture in this Jail. Other industries are also capable of expansion and orders of Govt. the proposals already submitted in this connection are awaited.

Mysore Jail Garden.

30. The garden continued to yield th same good results as in the previous yea although vegetables ordinarily issued to prisoners failed for a few days at the e of the year and recourse had to be had to the bazaar for the exchange of other gar produce for them. The outlay on the purch of seeds was Rs 31-12-2 and the outstandi debts due to the Jail was Rs 13-13-1. As against this asset, the cash rea lization and the amount of accepted bills were Rs 500-12-1 and the value of vegeta- bles consumed by prisoners amounted to Rs 359-13-9, while the outstanding debts wer

Rs

Rs 8-12-6 at the end of the year. The ne income to Govt was therefore Rs 823-13-1 from this source.

## Part III. Vital.

Statement No. XIV. Sickness and mortality.

31. Exclusive of Hospital and observ tion cells, the Jails and Lock-ups in the State can accommodate 2359 prisoners. The aggregate number of prisoners admitted in Hospital rose from 455 in 1916 to 641 dur ing the year under report. Consequently t the daily average number of sick increase from 14.36 in 1916 to 16.19. The number o deaths also increased from 10 in 1916 to 22 during the year. Out of the 22 deaths 10 occurred in the Central Jail at Bangal 6 in the District Jail at Mysore and the r maining 6 in the Lock-ups of the Mysore, Hassan, Kadur and Chitaldrug Districts. ( these deaths, 16 occurred among convicts a the rest among under-trials.

Statement No. XV. Sickness and mortality among convicts.

32. The number of convicts treated for various diseases increased all over except those treated for anaemia and debility and other diseases. The admissions for malaria fevers rose from 191 in 1916 to 286 in the year under report. Of the 16 deaths among convicts:-

3 due to dysentery,
2 ,, malarial fevers,
1 ,, tubercle of the lungs,
3 ,, phuemonia,
5 ,, diarrhoea; and
2 ,, other diseases as noted here-under;-
1 phthisis
1 Enteritis

Statement No. XVI.
Mortality according to length of original sentence:-

33. Out of the 16 deaths among convicts, 2 occurred among those whose sentence did not exceed 6 months, 3 among those who were undergoing a sentence not exceeding one year, 4 among those whose sentence did not exceed three years, 3 among those whose sentence did not exceed seven years and 4 among those whose sentence was above seven years.

Statement No. XVII.
Mortality according to the length of time passed in Jail.

34. Of the total number of deaths among convicts, 6 died within 6 months after admission into Jails, 4 died within one year, 1 within two years, 1 within three years, 2 within seven years and 2 above seven years.

Statement No. A.
Accommodation in Jails.

35. No overcrowding was reported either from Jails or Lock-ups in the State during the year under report.

Statement No. B.
Conditions of convicts discharged:-

36. The total number of convicts discharged during the year was 3072 against 3057 in 1916. Of these, 1413 convicts who were discharged from the Lock-ups of the State, were, as usual, not weighed either at the time of their admission or discharge. Out of the remaining 1659 convicts who were released from Jails, after weighment, 803 had gained weight, 309 had lost weight and the remaining 547 had neither gained nor lost it.

Drainage and conservancy.

37. There was no change in the arrangement for drainage and conservancy,. The dr earth system of conservancy has been in - force

force in the Jails, as well as in Lock-up
Male prisoners are adopting the Hebrew
method of evacuation in Lock-ups.

Diet.

38. Articles of diet, were, as usual, and subject to the conditions laid down in the rules relating to the purchase of stores by Government officers, obtained - from contractors at the rates previously agreed upon in the case of Jails and in - the case of Lock-ups, the practice of obtaining supplies at the prevailing market rates from respectful merchants continued during the year under report.

Water supply.

39. Water supply was ample throughout and wholesome.

Clothing and bedding:-

40. Clothing and bedding were issued to prisoners according to seasonal requirements and rules in force.

Religious and moral instructions.

41. The arrangements made for giving religious and moral instructions to convicts worked satisfactorily in the Central Jail at Bangalore during the year under - report. But the attendance of religious - teachers in the Jail at Mysore is reported to have not been regular. It has been also reported that opportunities were ~~not~~ given to elderly convicts to hold religious -- classes for convicts of their respective persuation in this Jail. The prisoners - were allowed to use books.

42.

42. Inspections:- The Central Jail at Bangalore and the District Jail at - Mysore, three District Lock-ups and one Special Lock-up were inspected by me once in detail in accordance with Govt Order - No. 43/E.A.G. dated 29th January 1916. The inspection of the remaining District Lock-ups was conducted during the months of January, February and March 1918 for want of time during the calendar year 1917. 27 Taluk Lock-ups were also inspected by me till the end of the year under report. The District Magistrates inspected 47 Lock-ups and all these were inspected only once except the Taluk Lock-up at Arsikere which - the District Magistrate, Hassan states, - was inspected by him twice.

43. Personnel:- Mr. Palpu continued to be in charge of the duties of the Superintendent and Medical Officer of the Central Jail, Bangalore, till the forenoon of the 17th September 1917, with the exception of the periods from 29th December 1916 to 14th January 1917 and from 14th to 27th February 1917, when Mr. F.Noronha, Assistant Surgeon acted for Mr. Palpu who was on leave. On the forenoon of the 17th September 1917 Mr. A.K. Pani, Health Officer, Mysore City succeeded Mr. Palpu as Superintendent and Medical Officer and remained in both the - general and Medical charge of the Jail till the end of the year. The charge of the District Jail at Mysore was held by Mr. Mahomed Usmon

Mr. Mahomed Usmon till 26th September 17, when he was relieved by Mr. S. Subba Rao, the Resident Medical Officer of the Gener Hospital, who continued to be in charge c the Jail till the close of the year.

44. Establishment:- The staff of my office has worked satisfactorily during - the year under report.

45. The recruitment for Jail service continues to be poor as ever. Several men both in the Central Jail and in the Distr Jail are undersized.

Further, the number of prisoners to b sent for extra-mural work have been consi- derably reduced , on account of the diffi- culty of procuring temporary warders on R 7/- the present scale. As long as war con- ditions last, the difficulty in securing - warders who answer the prescribed standarc of chest and height measurements as requi by rules 174 of the Mysore Jail Manual is likely to continue and the replacement of the present undersized warders will have to be deferred.

46. Concluding remarks:- On the whole, the health, discipline and conduct of pri- soners were good throughout the year.

I have the honor to be,
Sir,
Your most obedient servant,

Inspector-General of Prisons.

---

Order No. J 4990-5004 Pris 43-17-

Dated Bangalore, the 6.6. 1918

Sq Mr. G. Greenwood

The number of prisoners of all classes admitted during the year 191 was 9429 against 9857 and 10256 respectively, in the two previous years With the number in confinement at the end of 1916, the total prison population was 10692; of whom 9653 were discharged during the year. The decrease in the daily average from 1260.20 in 1916 to 1164.01 is attrib to the despatch of 148 convicts for service in Mesopotamia.

2. The proportion of short-term convictions continues to be markedly excessive; and Magistrates, whose att tion was drawn to the subject in the last years Government review, do not appear to have given sufficient effe to the provisions of section 562 of t Criminal Procedure Code. Government

regret to observe that a matter so frequently noticed and ~~so earnestly pressed~~ pushed for the consideration of the ~~Magistracy~~, should have failed to impress them with its importance.

3. The number of Jail offences committ by convicts rose from 246 to 294. I is hoped that efficient exercise of discipline and authority coupled wit suitable precautionary measures ~~will prove the best check upon the commis sion of Jail Offences.~~

the commission of these offences will, as far as possible, be checked by

4. The scales of dietary prescrit in the new Jail Manual were in force the two Jails during the year under report.

5. Government are glad to note th the operation of the remission rules embodied in the new Jail Manual brou into force from 1st July 1917, has resulted in a great saving of labour ~~scriptory and other~~. ~~The manifest advantages of~~ Under the new system, ~~arise f~~ is the same set of rules ~~being~~ applied to calculate remission for lifers as well as termers; ~~from~~ the scale o is made remission ~~being made~~ more liberal and ~~from~~ the use of marks ~~being~~ is give up in deducing the period of remissi earned. Convicts released under it numbered 283 against 256.

6. The gross expenditure of the year under report excluding the outlay on buildings and repairs carried out by the Public Works Department was --- Rs.104264-3-7 against Rs.110178-5-11 in the previous year. This decrease is accounted for by a smaller number of admissions and by the conditional release of 148 convicts for service with the British Forces in Mesopotamia. The net cost of maintenance was Rs.75-3 against Rs.75-7-3 per head. The net cash earnings ~~are~~ were Rs.16807-12-10 against Rs.15092-8-2 in the previous year.

7. Government (~~are greatly~~ Jail concerned) at the rise in the number of prisoners admitted to hospital from 455 in 1916 to 641 and in the prison mortality from 10 to 22, ~~in~~ during the period under report. The admissions for malarial fevers alone have increased from 191 to 286. The daily average of sick prisoners has ~~consequently~~ risen from 14.36 to 16.19. The sanitary conditions of jail life call for very careful examination with a view to all practicable improvement and the Inspector General of Prisons is requested to devote special attention to the matter.

8. Orders have since issued granting a small increase of emoluments to warders temporarily for a period of one year in view of the present abnormal

to lessen the difficulty experienced in securing proper men as warders.

conditions of labour. , It is hoped that this concession will be found ~~beneficial~~.

9. Specific proposals in the matter of the construction of a separate Jail outside the municipal limits of the Bangalore City are awaited.

10. As the appointment of non-official visitors to the Jails has recently bee sanctioned, the Inspector General is requested to ~~mention~~ furnish in the future reports of the Jail administration information about the duties performe by both the official and the non-official visitors.

11. Government are glad to note that the administration of the depart-ment has on the whole been satisfacto The improvement of jail industries ~~into more productive efficiency~~ is under the ~~careful~~ consideration of Government.

# ANNUAL REPORT ON THE ADMINISTRATION OF PRISONS IN MYSORE FOR THE CALENDAR YEAR 1917,

## WITH THE GOVERNMENT REVIEW THEREON.

**Report on the Administration of Prisons in Mysore.**

No. J. 4991-5004—Pris. 43-17-3, dated 6th June 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 664—91-07, dated 15th April 1918, from the Inspector-General of Prisons in Mysore, submitting the Report on the Administration of Prisons in Mysore for the calendar year 1917.

**Order No. J. 4991-5004—Pris. 43-17-3, dated 6th June 1918.**

The number of prisoners of all classes admitted during the year 1917 was 9,429 against 9,857 and 10,256 respectively, in the two previous years. With the number in confinement at the end of 1916, the total prison population was 10,692; of whom 9,653 were discharged during the year. The decrease in the daily average from 1260·20 in 1916 to 1164·01 is attributed to the despatch of 148 convicts for service in Mesopotamia.

2. The proportion of short-term convictions continues to be markedly excessive; and Magistrates, whose attention was drawn to the subject in the last year's Government review, do not appear to have given sufficient effect to the provisions of Section 562 of the Criminal Procedure Code. Government regret to observe that a matter so frequently noticed should have failed to impress them with its importance.

3. The number of Jail offences committed by convicts rose from 246 to 294. It is hoped that the commission of these offences will, as far as possible, be checked by efficient exercise of discipline and authority coupled with suitable precautionary measures.

4. The scales of dietary prescribed in the new Jail Manual were in force in the two Jails during the year under report.

5. Government are glad to note that the operation of the remission rules embodied in the new Jail Manual brought into force from 1st July 1917, has resulted in a great saving of labour. Under the new system the same set of rules is applied to calculate remission for lifers as well as termers; the scale of remission is made more liberal; and the use of marks is given up in deducting the period of remission earned. Convicts released under it numbered 283 against 256.

6. The gross expenditure of the year under report excluding the outlay on buildings and repairs carried out by the Public Works Department was Rs. 1,04,264-3-7 against Rs. 1,10,178-5-11 in the previous year. This decrease is accounted for by a smaller number of admissions and by the conditional release of 148 convicts for service with the British Forces in Mesopotamia. The net cost of maintenance was Rs. 75-2-2 against Rs. 75-7-3 per head. The net cash earnings were Rs. 16,807-12-10 against Rs. 15,092-8-2 in the previous year.

7. Government feel concerned at the rise in the number of prisoners admitted to hospital from 455 in 1916 to 641 and in the prison mortality from 10 to 22 during the period under report. The admissions for malarial fevers alone have increased from 191 to 286. The daily average of sick prisoners has risen from 14·36 to 16·19. The sanitary conditions of jail life call for very careful examination with a view to all practicable improvement and the Inspector-General of Prisons is requested to devote special attention to the matter.

8. Orders have since issued granting a small increase of emoluments to warders temporarily for a period of one year in view of the present abnormal conditions of labour. It is hoped that this concession will be found to lessen the difficulty experienced in securing proper men as warders.

9. Specific proposals in the matter of the construction of a separate Jail outside the municipal limits of the Bangalore City are awaited.

10. As the appointment of non-official visitors to the Jails has recently been sanctioned, the Inspector-General is requested to furnish in the future reports of the Jail Administration information about the duties performed by both the official and the non-official visitors.

11. Government are glad to note that the administration of the department has on the whole been satisfactory. The improvement of jail industries is under the consideration of Government.

C. S. BALASUNDARAM IYER,
*Chief Secretary to Government.*

EXD.—C. R.

FROM

RAJAKARYAPRAVINA RAO BAHADUR,

T. V. ARMUGAM MUDALIAR, ESQ., M.B., C.M.,

*Inspector-General of Prisons in Mysore, Bangalore.*

To

C. S. BALASUNDARAM IYER, ESQ., B.A.,

*Chief Secretary to the Government of His Hignness the Maharaja of Mysore.*

---

*Introductory.*—I have the honor to submit the following report on the administration of Jails and Lock-ups in the State during the calendar year 1917, together with the prescribed statistical returns.

2. *Divisions.*—This report is, as usual, divided into three parts, *i.e.*, Part I, Judicial, dealing with statements Nos. 1 to 8, 18, C. D. and General Summary; Part II, Financial, dealing with statements Nos. 9, 10, 11, 12 and 13; Part III, Vital, dealing with statements Nos. 14 to 17, A. and B.

3. *Inspector-General of Prisons.*—I was in charge of the Department throughout the year.

4. *Classes of Jails.*—The number of Jails and Lock-ups remained the same as in previous years and they are as given hereunder:—

1. Central Jail at Bangalore.
1. District Jail at Mysore.
6. District Lock-ups at the headquarter towns of Districts except at Bangalore and Mysore.
1. Special Lock-up at the Kolar Gold Fields.
71. Taluk Lock-ups at the headquarter towns of Taluks and Sub-Taluks.

## BUILDINGS AND ACCOMMODATION.

5. *Bangalore Central Jail.*—The buildings of this Jail are in a very dilapidated condition. Plans and estimates for the construction of a new Central Jail, which had been prepared in the year 1906, have been sent to the Chief Engineer of Mysore for revision and return. Definite proposals in the matter will be submitted to Government soon after the receipt in my office of the said plans and estimates from that officer.

*The District Jail at Mysore.*—The buildings of this Jail are also very old. Sanction was accorded by Government for various improvements and repairs to be effected to these buildings at an estimated cost of Rs. 20,890 in June 1916. The Chief Engineer, who was addressed in the matter, states that the improvements sanctioned will be completed by the end of September 1919.

*Lock-ups.*—The new Lock-up buildings at Chikballapur and Tiptur, which were completed during the year, were handed over to the Department. The construction of a new Lock-up at Maddagiri was sanctioned, but the actual commencement of the work has been deferred till funds become available. The Lock-up at Sira is not complete, while that at Koratagere is not taken up as yet. Plans and estimates for constructing an additional Lock-up for Europeans and East-Indians at Kolar Gold Fields and a new Lock-up at Malur were countersigned and forwarded to the Executive Engineer, Kolar Division, during the year 1916, but the works have not been taken on hand. An estimate amounting to Rs. 10,235 was recently sanctioned by Government for the construction of a compound wall around the Lock-up at Kolar Gold Fields. The readjustment of the old Jail buildings to suit the requirements of the District Lock-up at Tumkur and some other offices was not taken up during the calender year under report. But the work has been sanctioned by the Public Works Department and is expected to be taken on hand during this working season. The question of improvement and repairs to the District Lock-up at Shimoga was long under correspondence and it has now been

finally settled by Government in their Order No. J. 1891-4—Pris. 61-15-6, dated 1st December 1917. It has been decided that unrepairable portions be dismantled. The estimate for repairing the other portions which has been called for is yet due from the Chief Engineer.

## PART I.—JUDICIAL.

6. *General Summary.*—At the commencement of the year under report, there remained in the Jails and Lock-ups, a total population of 1,263 prisoners of all classes, 9,429 prisoners were admitted, 9,653 were discharged from all causes and 1,039 remained in confinement at the close of the year. The daily average number of prisoners decreased from 1,260·20 in 1916 to 1,164·01. This decrease in the daily average may be attributed to 148 convicts having been sent to Mesopotamia.

*Civil prisoners.*—The number of civil prisoners at the beginning of the year was 10; 137 were admitted and 138 discharged leaving a balance of 9 prisoners at the end of the year. The daily average number of this class of prisoners during the year under report was 6·50 against 9·19 in the previous year.

7. *Statement No. I.—Convict Population.*—On 1st January 1917, the convict population was 1,014, of whom 1,007 had been direct committals and the remaining 7 in transit. New admissions of the former class numbered 1,982 and the admission by transfer 133 making a total of 3,122. Of these, 16 were transferred to the Vellore Central Jail, 119 were transferred from one jail to another within the State, 180 were released on appeal, 1,581 on expiry of sentence, 283 under remission rules, 148 on other grounds (granted conditional release as they were enlisted for service in Mesopotamia) one was transferred to the Lunatic Asylum, 5 were executed and 16 died leaving a balance of 773 at the close of the year. Among the latter class of convicts, *i.e.*, convicts in transit whose number was 7 at the commencement of the year, fresh admissions numbered 723, making a total of 730. Of these, 714 were transferred, 5 released on appeal, 2 on expiry of sentence and 2 escaped, leaving a balance of 7 at the end of the year. The daily average number of convicts was 905·89 against 985·61 in the year previous or a decrease of 79·72.

8. *Sexes of convicts.*—Out of 1,982 direct admissions, 1,841 or 92·89 per cent were males and 141 or 7·11 per cent were females, Their percentages were 93·82 and 6·18 respectively, in the year previous.

9. *Statement No. II—Religion, Age, Education and occupation of convicts.*—Classified according to religion, 128 or 6·46 per cent of total admissions were Christians, 301 or 15·19 per cent were Mahomedans, 1,552 or 78·30 per cent were Hindus and 1 or ·05 per cent Buddhists against 5·69 per cent of Christians, 16·61 per cent of Mahomedans, 77·57 per cent of Hindus and ·13 per cent of Buddhists and Jains among those admitted in the previous year. The ratios of Christians and Hindus have increased by ·77 and ·73, respectively, while those of Mahomedans and Buddhists or Jains decreased by 1·42 and ·08 respectively, as compared with the figures of the year previous.

10. *Age periods.*—The number of convicts under fifteen years of age admitted during the year was 46 or 2·32 per cent, between 16 and 40 years 1,609 or 81·18 per cent, between 40 and 60 years 283 or 14·28 per cent and above 60 years 44 or 2·22 per cent.

11. *Education.*—Classified according to education, 360 or 18·17 per cent were able to read and write, 7 or ·35 per cent were able to read only and the remaining 1,615 or 81·48 per cent were illiterate. Similar percentages of those admitted in the year 1916 were 10·25, 4·48 and 85·27 respectively.

12. *Previous occupation.*—Out of the total number of convicts admitted during the year, 1,841 were males among whom:—

| | | |
|---|---|---|
| 85 | or 4·62 | per cent were Government or Municipal servants; |
| 122 | or 6·63 | ,, were professional persons; |
| 38 | or 2·06 | ,, were persons in personal service; |
| 857 | or 46·55 | ,, were agriculturists; |
| 113 | or 6·14 | ,, were persons engaged in commerce and trade; |
| 89 | or 4·83 | ,, were persons employed in mechanical arts, etc. |
| 537 | or 29·17 | ,, were miscellaneous persons not classed otherwise. |

As usual, agriculturists form the bulk of the admissions, their percentage in the year previous being 45·75 of the total number of males admitted.

13. *Civil condition of females.*—Among 141 females, the married women numbered 55 or 39·01 per cent, unmarried 22 or 15·60 per cent, widows 57 or 40·42 per cent and prostitutes 7 or 4·97 per cent.

14. *Statement No. III—Length and nature of sentences.*—Of 1,982 convicts that were admitted direct into Jails and Lock-ups, 954 had not more than one month's imprisonment to undergo. As in previous years, the proportion of short periods of imprisonments is excessive. Eleven prisoners sentenced to transportation for life and 17 prisoners sentenced to death were admitted into Jails during the year against 16 and 7 respectively, in the previous year.

*Classified according to the nature of sentence* :—

277 or 13·98 per cent had been sentenced to simple imprisonment.
1694 or 85·47 per cent had been sentenced to rigorous imprisonment.
9 or ·45 per cent had been sentenced to rigorous imprisonment with solitary confinement; and
2 or ·10 per cent had been sentenced to rigorous imprisonment with whipping.

15. *Statement No. D.—Nature of offences.*—As in previous years, theft including theft in a building and by servants outnumber all other causes of imprisonment, the convicts thereunder being 1,039 or 46·50 per cent of the total admissions. Convictions under Special, Local and Municipal Laws have increased, being 219 or 9·80 per cent against 154 or 6·89 per cent of the total admissions in the year previous.

16. *Statement No. IV—Recommittals, Habituals and Juvenile offenders.*—Out of the total number of convicts admitted into Jails and Lock-ups during the year, 268 convicts had been previously convicted. This number includes 13 female convicts. The number of recommittals among Juveniles was less than that in the preceding year, being 2 against 4.

17. *Statement No. V—Escapes and recaptures.*—Of those that had escaped during the previous ten years, 1 convict was recaptured and this was convict Vellai of the Central Jail, Bangalore, who was punished suitably for the offence of escape from lawful custody. During the year under report 2 convicts escaped, one from the Special Lock-up at Kolar Gold Fields and the other from the District Lock-up at Hassan. The latter convict had been sentenced to suffer death. Both the convicts were recaptured, the convict who belonged to the Kolar Gold Fields Lock-up being sentenced to suffer three months' rigorous imprisonment by the Munsiff and 2nd Class Magistrate, Kolar Gold Fields under Section 224 I. P. C.

18. *Statement No. VI—Offences and punishments.*—The number of offences recorded was 294 against 246 in 1916. All the offences were dealt with by the Superintendents themselves under the authority vested in them by the Prisons Act of 1870. Of the offences tried by them 40 or 13·60 per cent were met with corporal punishment against 51 or 20 per cent in the year previous.

19. *Statement No. VII - Convict Officers.*—Among the daily average number of 905·89 convicts, 137 or 15·12 per cent were employed as Prison Officers against 129 or 13·08 per cent of the daily average number of convicts employed in 1916. It is satisfactory to note that the number of recorded offences fell from 54 in the year previous to 21 in the year under report.

20. *Statement No. VIII—Diet.*—The scales of dietary prescribed in the new Jail Manual were in force in the two Jails during the year under report. The scale of dietary that was in force in Jails in the case of hard labour Indian convicts in accordance with Government Order No. J. 2598—Pris. 45-10-5, dated 13th March 1911, was extended to the similar class of convicts confined in the Lock-ups, during the latter part of the year. *Vide* page 24 of the revised Lock-up Manual.

21. *Statement No. XVIII—Undertrial Prisoners.*—There remained 239 prisoners of this class at the commencement of the year. Fresh admissions numbered 6,454 making a total 6,603. Of these :—

766 were released on bail,
1,978 were discharged and acquitted by Magistrates,
1,307 were released by the Police,
1,735 were convicted and sentenced,
647 were transferred,
4 escaped; and

6 died, leaving a balance of 250 prisoners at the close of the year. The number of admissions decreased from that of the year previous, while the number of acquittals increased. The average period of detention remained the same as in the year previous, but the daily average has decreased from 265·40 in 1916 to 251·62, consequent on the reduction in the number of admissions.

22. *Statement No. C.—The remission system.*—Till the end of June 1917, remission of sentences were being regulated by two sets of rules that were in force, *i.e.*, the Ticket-of-Leave Rules of 1892 and the Mark Rules of 1899. The former related only to life-term prisoners, while the latter applied to all convicts including lifers. The grant of marks under the mark system involved not only considerable labour but also much scriptory work. This is avoided with the advent of the New Remission Rules embodied in the New Jail Manual, which are largely based on the Rules issued by the Government of India and which supersede the Ticket-of-Leave Rules and the Mark Rules. The main advantages of the new rules are (1) that the remission is calculated for lifers as well as termers by the same set of rules, (2) that the scale of remission is more liberal than the one that was in force and (3) that the use of marks is dispensed with in deducting the period of remission earned. The number of convicts released under the operation of these rules was 283 against 256 in the year before. The maximum remission gained was 1,628 days by a life-convict of the Bangalore Central Jail. The maximum gratuity earned by another life convict of the same Jail was Rs. 57-1-9. The average gratuity earned by convicts released was 1-13-5 during the year under report against Rs. 0-14-0 in the year 1916.

## Part II—Financial.

23. *Statement No. IX—Gross expenditure.*—Excluding the outlay on account of buildings, the gross expenditure during the year was Rs. 1,04,264-3-7 against 1,10,178-5-11 in 1916. There was a decrease of expenditure under almost all the heads. The decrease under the heads "Dietary charges" and "Clothing and bedding of prisoners" may be attributed partly to the number of admissions to Jails and Lock-ups having been less than that of the year previous and partly to the release of 148 convicts (on certain conditions) who were enlisted by the Military authorities for service in Mesopotamia. Although the gross expenditure during the year under report was less than that in the year before, the cost per head has slightly increased, from Rs. 87-6-10 in 1916 to Rs. 89-9-2, owing to the reduction in the daily average number of prisoners.

24. *Statement No. IX—Employment of convicts.*—Among the daily average number of 905·89 convicts, 822·85 or 90·83 per cent were available for work, the rest being either prisoners undergoing simple imprisonment, sick and convalescent or infirm or those that could not be employed for other reasons. Of the convicts available for work, 137 or 16·64 per cent were employed as Prison Officers, 71 or 8·62 per cent as Prison servants and 301 or 36·58 per cent on Manufactures, against 129 or 14·32 per cent, 50 or 5·55 per cent and 303 or 33·64 per cent of the daily average number of convicts who were available for employment in the year 1916.

25. *Statement No. XII—Cash earnings.*—The result of employment of convicts was that a sum of Rs. 16,807-12-10 was realized as revenue against Rs. 15,092-8-2 realized in 1916. This amount includes Rs. 220-10-0 received in the shape of court fee stamps for testing weights and measures presented by the public in the Central Jail at Bangalore and also Rs. 2,832-8-0, the value of convict labour employed in the Palace Institutions and at the Dewans quarters in Mysore and Bangalore, calculated at the rate of two annas per head per diem and taken into account only in administrative accounts of the department. The average cash earnings per head of working convicts rose from Rs. 16-12-1 in 1916 to Rs. 20-6-10 in the year under report.

26. *Statement No. XIII—Net cost of prisoners.*—The gross cost of maintenance as mentioned in para 23 above was Rs. 1,04,264-3-7, deducting from this, the total cash earning of prisoners, *i.e*, Rs. 16,807-12-10, the net cost of maintenance of prisoners in Jails and Lock-ups was Rs. 87,456-6-9 or Rs. 75-2-2 per head against a net cost of Rs. 95,085-13-9 or Rs. 75-7-3 per head in the year previous.

## Industries in Jails.

27. *Bangalore Central Jail.*—The outlay on various industries carried on in this Jail was Rs. 15,794-13-11 and the amount realized and credited to Treasury was Rs. 20,096-10-5 or an excess of Rs. 4,301-12-6 against Rs. 18,734-14-0 and

Rs. 22,326-13-10 respectively, in the year 1916. The work of testing measures and selling weights and measures carried on in the Jail was transferred to the City Municipality, Bangalore, in accordance with Government Order No. 5082-131—A & I 215-14, dated 5th January 1917. Till the end of February 1917, 3,530 measures presented by private persons were tested and stamped and a sum of Rs. 220-10-0 was realized in the shape of court fee stamps.

28. *The Central Jail Garden.*—The Jail garden has supplied the requirements of the Jail without interruption. The expenditure on account of seeds and implements purchased during the year was Rs. 273-4-7 against Rs. 267-12-5 in 1916 and the amount realized by the sale of vegetables to the public was Rs. 462-8-3 against Rs. 639-11-5 in the year previous. The cost of vegetables supplied for the use of prisoners amounted to Rs. 942-0-1 against Rs. 1,207-4-2 in 1916. The realization on account of vegetables issued to prisoners was less owing to the average strength of the prison population being low and the lower rate for vegetables tendered by the contractor during the year under report, *i.e.*, 100 lbs. per rupee against 90 lbs. in the year preceding.

29. *Mysore Jail.*—The provision for the purchase of raw materials was Rs. 1,500 in the current year's allotment as against Rs. 1,200 in the previous year and this increase is reported to have facilitated the purchase of a greater quantity of raw materials for Jail manufacture with the result that the net profit to Government from this concern reached the creditable figure of Rs. 1,041-2-9 against only a little more than half as much in the year previous. The increase in the daily average strength was taken advantage of by detailing more men to work at the Jail industries and increasing the output of the Jail. Further, the looms in the weaving branch are reported to be very primitive and antiquated; and the industry is capable of being improved by getting up-to-date fly shuttle looms and thereby increasing the output of cloth manufactured in this Jail. Other industries are also capable of expansion and orders of Government on the proposals already submitted in this connection are awaited.

30. *Mysore Jail Garden.*—The garden continued to yield the same good results as in the previous year, although vegetables ordinarily issued to prisoners failed for a few days at the end of the year and recourse had to be had to the bazaar for the exchange of other garden produce for them. The outlay on the purchase of seeds was Rs. 31-12-2 and the outstanding debts due to the Jail was Rs. 13-13-1. As against this asset, the cash realization and the amount of accepted bills were Rs. 500-12-1 and the value of vegetables consumed by prisoners amounted to Rs. 359-13-9, while the outstanding debts were Rs. 8-12-6 at the end of the year. The net income to Government was therefore Rs. 823-13-1 from this source.

## Part III.—Vital.

31. *Statement No. XIV—Sickness and mortality.*—Exclusive of Hospital and observation cells, the Jails and Lock-ups in the State can accommodate 2,359 prisoners. The aggregate number of prisoners admitted into Hospital rose from 455 in 1916 to 641 during the year under report. Consequently, the daily average number of sick increased from 14·36 in 1916 to 16·19. The number of deaths also increased from 10 in 1916 to 22 during the year. Out of the 22 deaths, 10 occurred in the Central Jail at Bangalore 6 in the District Jail at Mysore and the remaining 6 in the Lock-ups of the Mysore, Hassan, Kadur and Chitaldrug Districts. Of these deaths, 16 occurred among convicts and the rest among undertrials.

32. *Statement No. XV—Sickness and mortality among convicts.*—The number of convicts treated for various diseases increased all over except those treated for anæmia and debility and other diseases. The admissions for malarial fevers rose from 191 in 1916 to 286 in the year under report. Of the 16 deaths among convicts:—

3 due to dysentery,
2 „ malarial fevers,
1 „ tubercle of the lungs,
3 „ pneumonia,
5 „ diarrhœa; and
2 „ other diseases as noted hereunder;
1 phthisis
1 enterites.

33. *Statement No. XVI—Mortality according to length of original sentence.*—Out of the 16 deaths among convicts, 2 occurred among those whose sentence did not exceed 6 months, 3 among those who were undergoing a sentence not exceeding one year, 4 among those whose sentence did not exceed three years, 3 among those whose sentence did not exceed seven years and 4 among those whose sentence was above seven years.

34. *Statement No. XVII—Mortality according to the length of time passed in Jail.*—Of the total number of deaths among convicts, 6 died within 6 months after admission into Jails, 4 died within one year, 1 within two years, 1 within three years, 2 within seven years and 2 above seven years.

35. *Statement No. A—Accommodation in Jails.*—No overcrowding was reported either from Jails or Lock-ups in the State during the year under report.

35. *Statement No. B—Conditions of convicts discharged.*—The total number of convicts discharged during the year was 3,072 against 3,057 in 1916. Of these, 1,413 convicts who were discharged from the Lock-ups of the State, were, as usual, not weighed either at the time of their admission or discharge. Out of the remaining 1,659 convicts who were released from Jails, after weighment, 803 had gained weight, 309 had lost weight and the remaining 547 had neither gained nor lost it.

37. *Drainage and conservancy.*—There was no change in the arrangement for drainage and conservancy. The dry earth system of conservancy has been in force in the Jails, as well as in Lock-ups. Male prisoners are adopting the Hebrew method of evacuation in Lock-ups.

38. *Diet.*—Articles of diet were, as usual, and subject to the conditions laid down in the rules relating to the purchase of stores by Government Officers, obtained from contractors at the rates previously agreed upon in the case of Jails and in the case of Lock-ups, the practice of obtaining supplies at the prevailing market rates from respectable merchants continued during the year under report.

39. *Water supply.*—Water supply was ample throughout and wholesome.

40. *Clothing and bedding.*—Clothing and bedding were issued to prisoners according to seasonal requirements and rules in force.

41. *Religious and moral instructions.*—The arrangements made for giving religious and moral instructions to convicts worked satisfactorily in the Central Jail at Bangalore during the year under report. But the attendance of religious teachers in the Jail at Mysore is reported to have not been regular. It has been also reported that opportunities were given to elderly convicts to hold religious classes for convicts of their respective persuasion in this Jail. The prisoners were allowed to use books.

42. *Inspections.*—The Central Jail at Bangalore and the District Jail at Mysore, three District Lock-ups and one Special Lock-up were inspected by me once in detail in accordance with Government Order No. 43—E. A. G., dated 29th January 1916. The inspection of the remaining District Lock-ups was conducted during the months of January, February and March 1918 for want of time during the calendar year 1917. Twenty-seven Taluk Lock-ups were also inspected by me till the end of the year under report. The District Magistrates inspected 47 Lock-ups and all these were inspected only once except the Taluk Lock-up at Arsikere which the District Magistrate, Hassan, states, was inspected by him twice.

43. *Personnel.*—Mr. P. Palpu continued to be in charge of the duties of the Superintendent and Medical Officer of the Central Jail, Bangalore, till the forenoon of the 17th September 1917, with the exception of the periods from 29th December 1916 to 14th January 1917 and from 14th to 27th February 1917, when Mr. F. Noronha, Assistant Surgeon, acted for Mr. Palpu who was on leave. On the forenoon of the 17th September 1917, Mr. A. K. Pani, Health Officer, Mysore City, succeeded Mr. Palpu as Superintendent and Medical Officer and remained in both the general and Medical charge of the Jail till the end of the year. The charge of the District Jail at Mysore was held by Mr. Mahomed Usmon till 26th September 1917, when he was relieved by Mr. S. Subba Rao, the Resident Medical Officer of the General Hospital, who continued to be in charge of the Jail till the close of the year.

44. *Establishment*:—The staff of my office has worked satisfactorily during the year under report.

45. The recruitment for Jail service continues to be poor as ever. Several men both in the Central Jail and in the District Jail are undersized.

Further, the number of prisoners to be sent for extra-mural work has been considerably reduced, on account of the difficulty of procuring temporary warders on Rs. 7, the present scale. As long as war conditions last, the difficulty in securing warders who answer the prescribed standard of chest and height measurements as required by rule 174 of the Mysore Jail Manual is likely to continue and the replacement of present undersized warders will have to be deferred.

46. *Concluding remarks*:—On the whole, the health, discipline and conduct of prisoners were good throughout the year.

*N.B.*—In calculating the cost per head of prisoners of Mysore District, the daily average number of Yelandur Lock-up, *i.e.* 3·03 is not taken into account, as usual, as the expenditure of that Lock-up is not paid by Mysore Government.

## STATEMENT No. X—(FINANCIAL).

Showing the expenditure in guarding and maintaining the prisoners in Jails and Lock-ups of the Mysore State, during the year 1917 (excluding the cost of building new Jails, of additions, alterations and repair), compared with the expenditure on the same account in each of the three preceding years.
